*Business Manager*

# *Dedicat*

*To Alfred Jackson Crabaugh  
in recognition of his earnest  
endeavors we respectfully  
dedicate this volume*

•  
LGN

# Foreword

With the thought in mind that school life resolves itself into a simple pattern, and that memories of days in school are pleasant simple memories, we present this book with the hope that it will keep alive the enjoyment of past hours and that in the future a glance through its pages will give an enriched moment recalled from days spent in school.

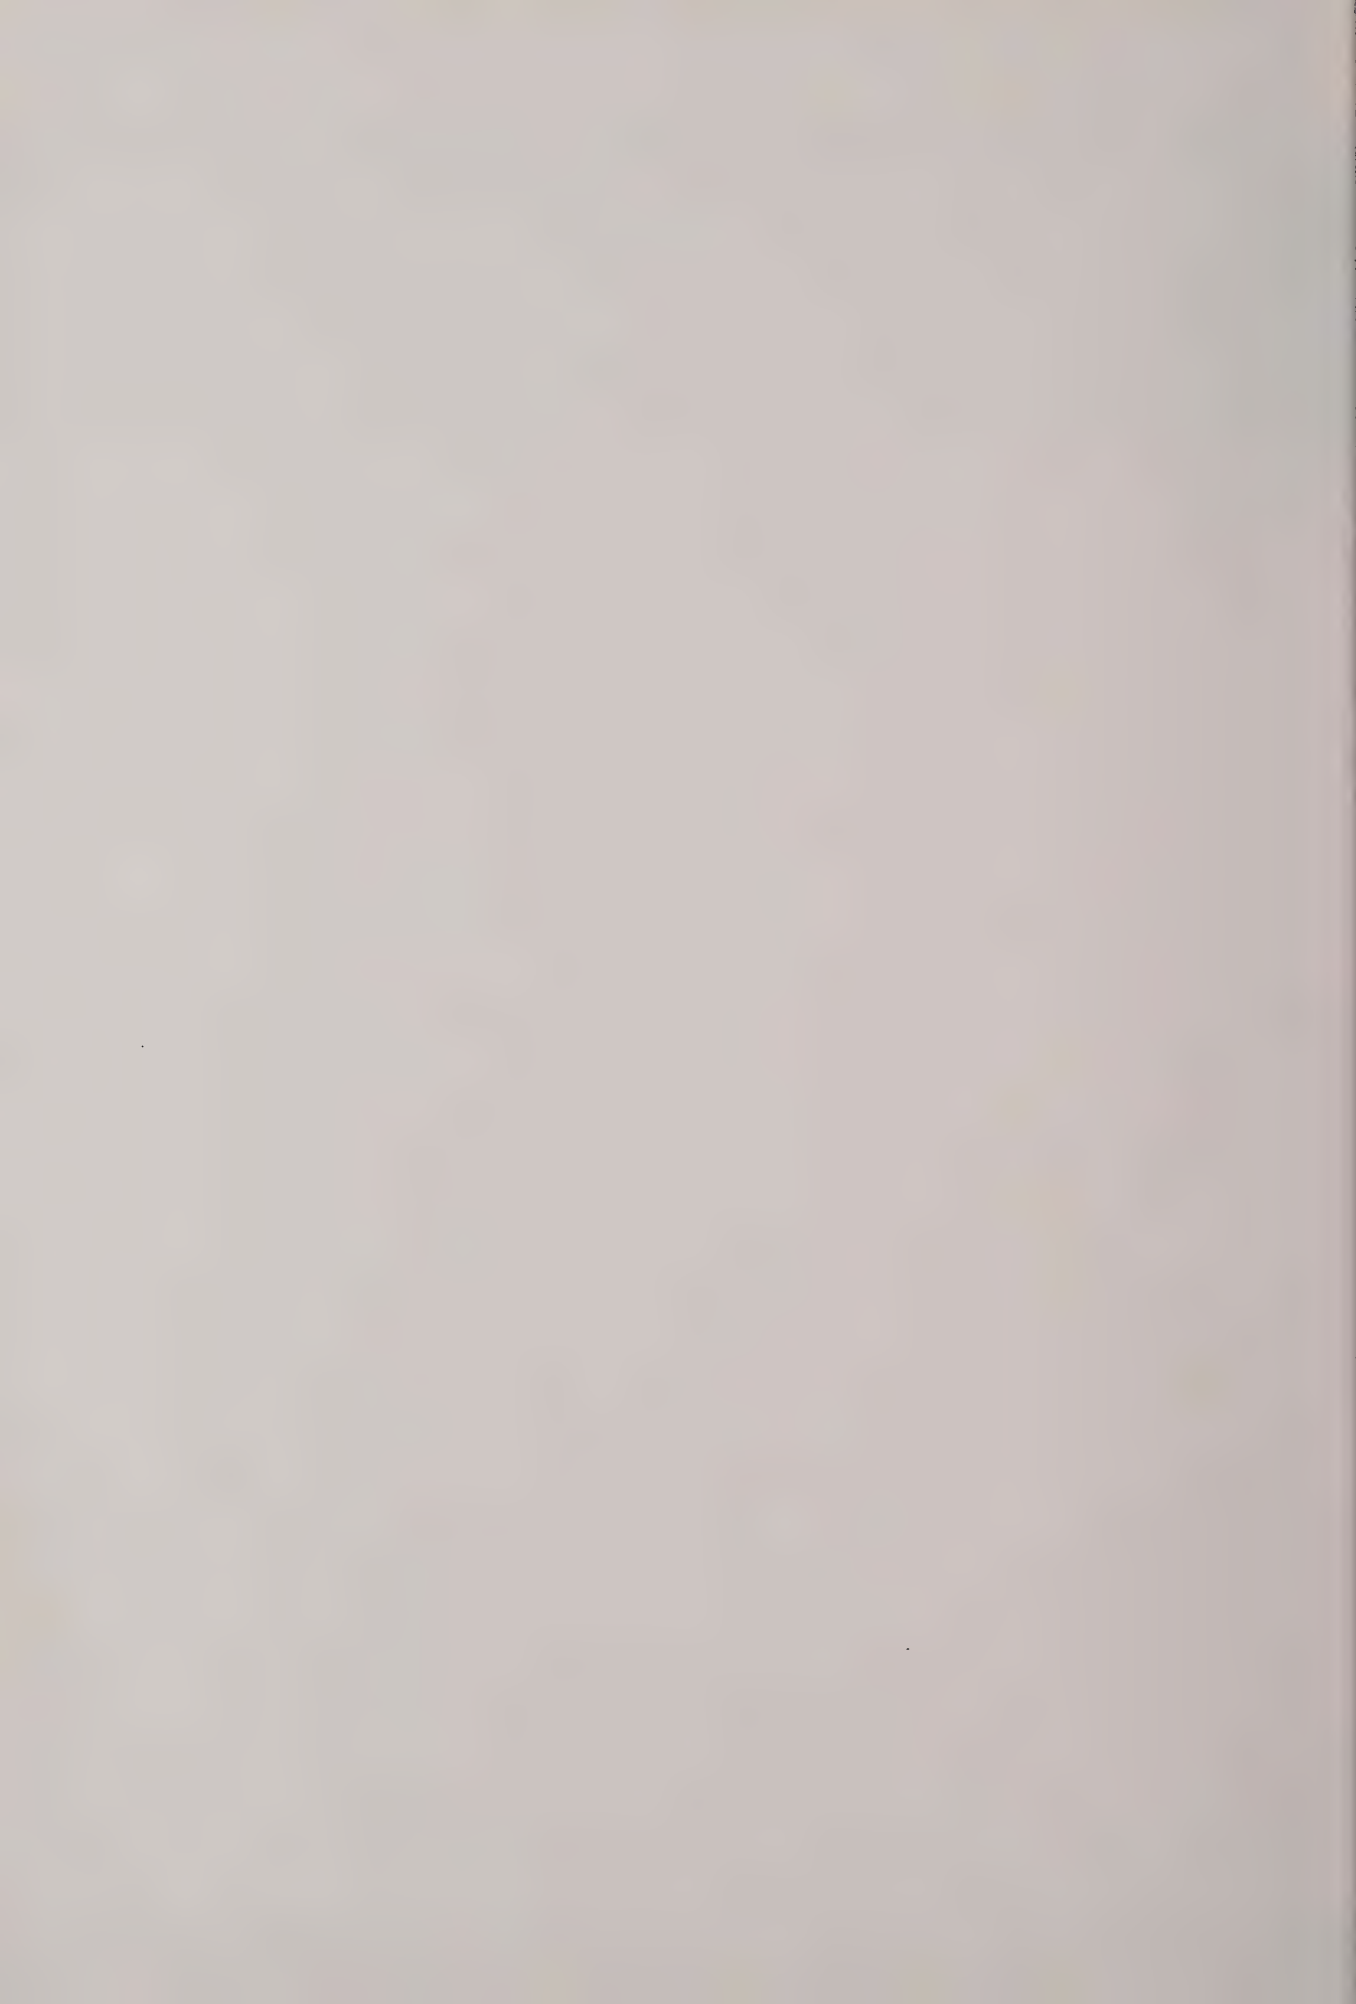

# Contents

Book I	ADMINISTRATION
Book II	CLASSES
Book III	SCENES
Book IV	ACTIVITIES
Book V	PERSONALITIES
Book VI	ATHLETICS
Book VII	ORGANZATIONS

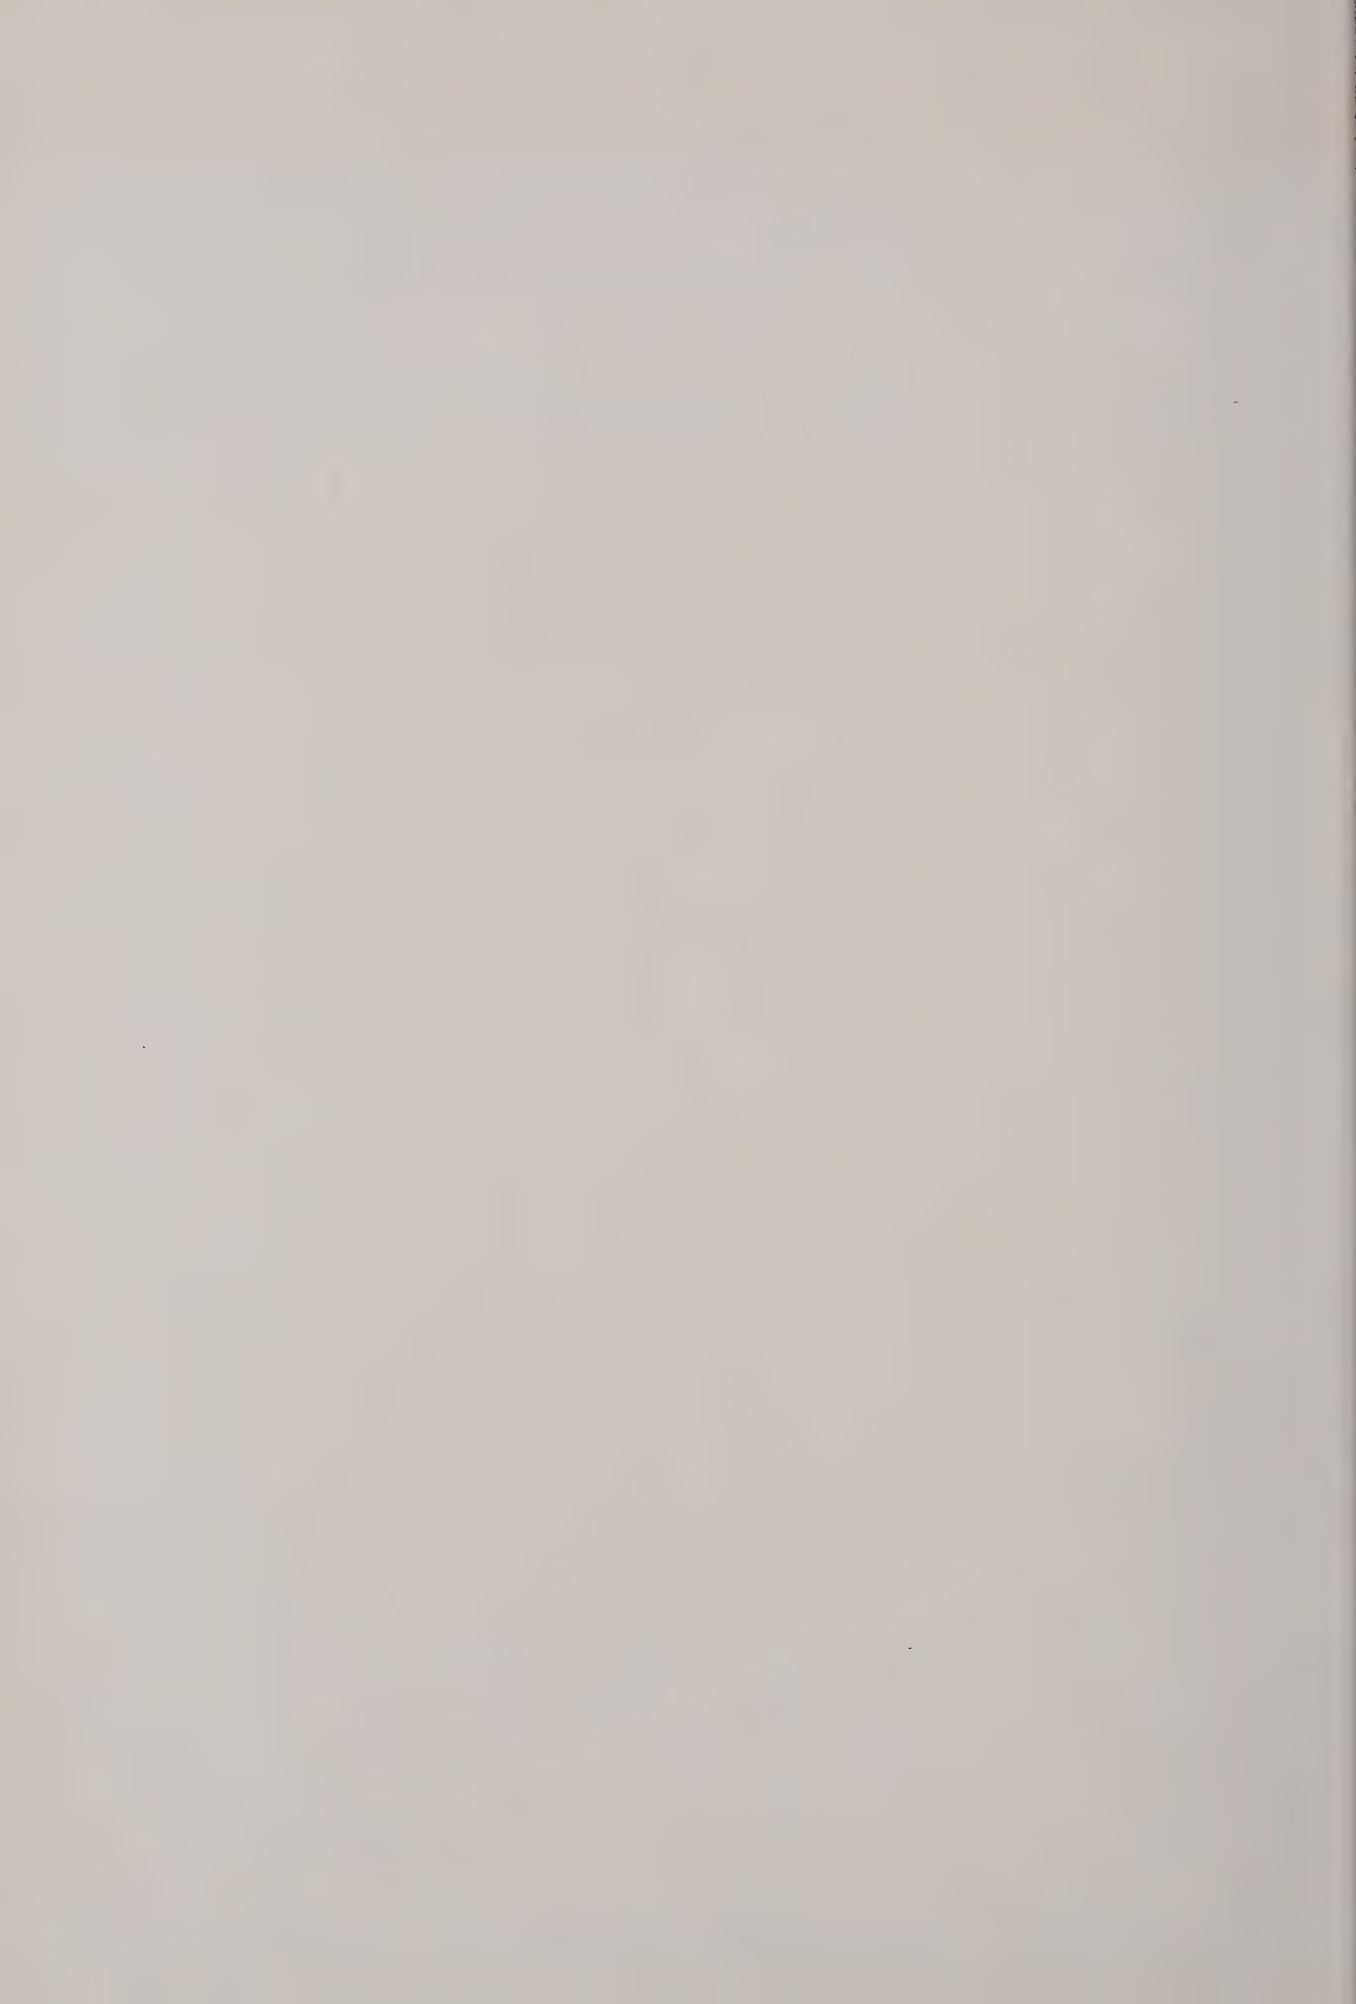

# Administration

## BOARD OF TRUSTEES

J. E. TURNER, *Chairman* . . . . . *Dardanelle*  
Term Expires, 1947

MRS. ETHEL COLE CUNNINGHAM . . . . . *Dardanelle*  
Term Expires, 1943

DR. R. L. SMITH . . . . . *Russellville*  
Term Expires, 1939

W. H. JOHNSON . . . . . *Fort Smith*  
Term Expires, 1941

ROY LEFLAR . . . . . *Clinton*  
Term Expires, 1945

GOVERNOR

CARL EDWARD BAILEY

To the leader of the new and greater Arkansas.

# *The Agricola 1937*

## P R E S I D E N T

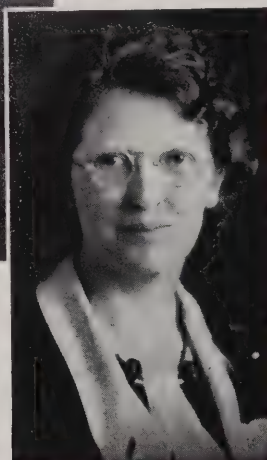

JOSEPH WILLIAM HULL

A simple tribute to the "busiest man in Arkansas".

**D E A N S**

JOHN E. TUCKER

*Dean of Men*

LELA JANE BRYAN

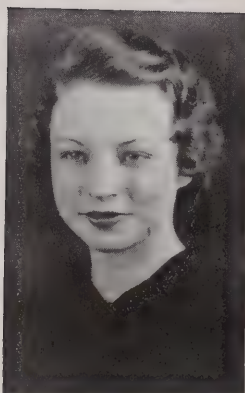

*Dean of Women*

No tribute could be fitting for the work that the two deans carry on through the year. Their lives during the school year are filled with complaints and grievances of students. However, neither are ever too busy to take a moment to help.

It should be a pleasant memory to the student of Tech when he recalls the days spent under the watchful eyes of the deans.

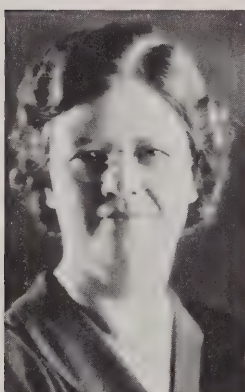

# The Agriscola 1937

MARIE ANGEHR . . . *Typing and Shorthand*  
*Secretary to President*

C. W. C. AULSBURY . . . *Animal Husbandry*

BESSIE PARKER . . . . . *Home Economics*

THOMAS A. DULANEY . . . . . *History*

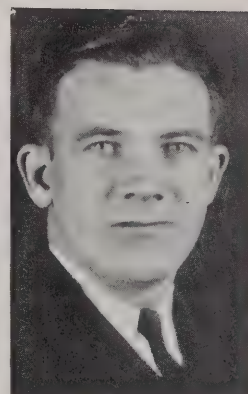

ALFRED J. CRABAUGH . . . . . *English*  
*Vice-President*

C. A. HUGHES . . . . . *Agronomy*

HENRY E. HUDSON . . . . . *Social Science*

MRS. N. F. COOLEGE . . . *Home Economics*

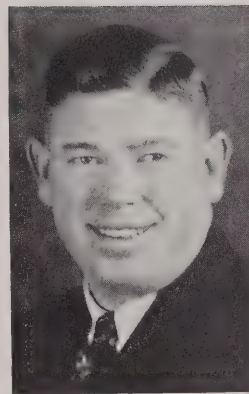

# The Agrícola 1937

N. F. COOLEGE . . . . . *Psychology*

C. R. NICHOLS . . . . . *Engineering*

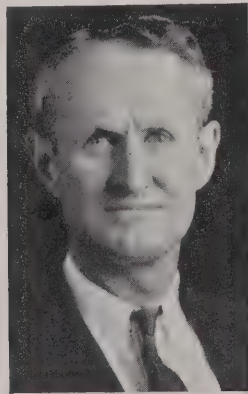

E. S. TOMLINSON . . . . . *Botany*

TRUMAN MCEVER . . . . . *Chemistry*

EDNA HOOD FERGUSON . . . . . *Librarian*

W. O. YOUNG . . . . . *Bursar*

A. N. SATTERFIELD . . . . . *Steward*

M. M. WILLIAMSON . . . . . *Band*

# The Agricola 1931

LILLIAN MASSIE . . . . . *English*

MYRTLE ROUSH . . . . . *Librarian*

G. R. TURRENTINE . . . . . *Education*  
*Dean of School*

CECILE STANFORD . . . *Physical Education*

MILDRED SHELTON . . . . . *Nurse*

H. W. DEAN . . . . . *Mechanics*

A. S. TURNER . . . . . *Mathematics*

JOHN A. MORRIS . . . . . *Bible*

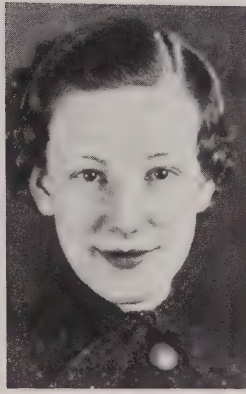

PAUL SHULTZ  
*Music*

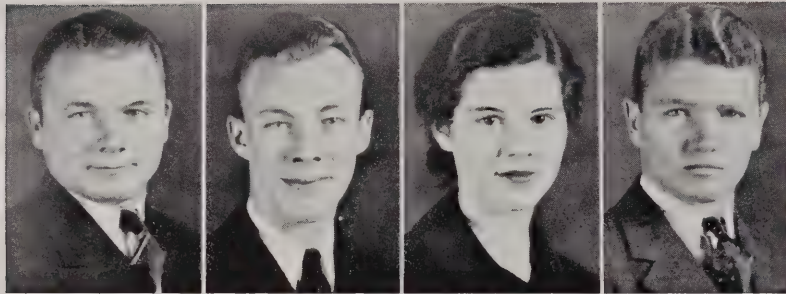

MRS. GEORGE MOORE  
*French*

While everything that has been said about the faculty can not be printed for obvious reasons; the space that we have here is too small to give a complete resume of the good points of our professors. The students of Arkansas Tech should feel proud of one of the best faculties in the state.

## ARKA-TECH

L. GENE FARMER . . . . . Editor

JACK M. LAMBERT . . Business Manager

### EDITOR'S WORD

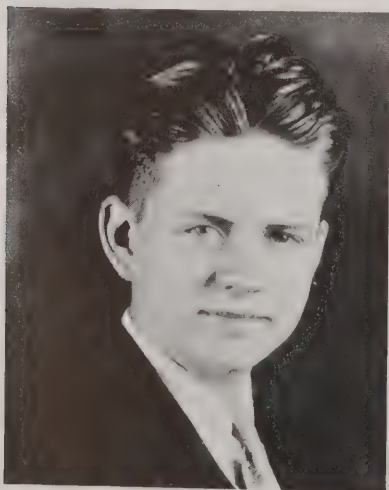

In reviewing the past year's publication of the Arka-Tech, the first thing to come to my mind is the practically unlimited freedom which student officials have been allowed in regard to editorial policy. In a day which has seen the suppression or heavy censorship of student journalism in many colleges, the administration at Tech has continued to maintain their liberal viewpoint.

The Arka-Tech is fortunate in this respect. It is doubtful if there is another college paper in the state with more freedom to pursue its editorial convictions. It is a tribute to the college as a whole, and I sincerely hope that no succeeding editor ever abuses the freedom by making statements in the editorial column which cannot be supported. It is because of that that the hand of censorship has been placed on so many newspapers.

The Arka-Tech had a two-fold aim this year: first, to present a clear and unbiased record of the campus news, and secondly, to take a definite

Beartlett, Bohlinger, Caton  
Cochran, Ellis, Eubanks  
Lucy, McRate, Murphy

FARMER

stand on questions of student interest. How well we have succeeded is for the students to judge.

It cannot be asserted that we have published the best college paper in the state, for such is far from the case. But there are several extenuating circumstances. The paper is edited in Russellville and printed in a shop 40 miles away, with the editor unable to read his own proof or make necessary adjustments in makeup or typography; a six-column weekly is often handicapped because of a scarcity of news, although none can deny that this type of publication is much more readable and timely; and the paper is forced to depend almost solely on advertising received through national agencies.

I wish to take this opportunity to express my deepest appreciation to the several columnists who did so much untiring work, without pay, to make the editorial page readable; to the other staff members for their work in gathering campus news; and to Mr. Alfred J. Crabaugh, journalism instructor. Without their help publication would have been impossible; I was only front man.

Mr. Alfred J. Crabaugh  
Arkansas Polytechnic College  
Russellville, Arkansas

Dear Alfred:-

While we were flattered with the honor you bestowed on us, we want you to know that you also gave us a very difficult job by sending us photographs of four such charming ladies.

However, since you want us to select one of them we have chosen, after days of deliberating, Miss Frances Jeffries.

There we've gone and done it and we hope the other contestants will not hold axes over our heads for our decision. They deserve most favorable comment.

May we extend our congratulations to Miss Jeffries and wish her health, happiness and success.

We are sending a likeness of ourselves, as per your request to your Editor, Mr. Ellis.

Sincerely yours,

Lum and Abner

*In Memoriam*

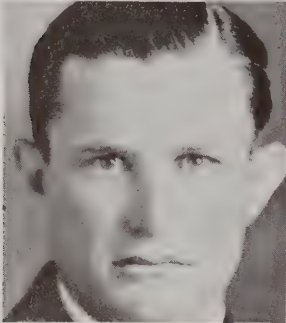

WILLIAM J. COWAN

Died February 14, 1937

## M E N T O R S

ALFRED J. CRABAUGH  
*Chairman of Athletic Committee*

JOHN E. TUCKER  
*Head Coach—football and baseball*

HENRY HUDSON  
*Assistant Coach Football*  
*Head Coach—track*

The sports world in Arkansas has suffered a great loss with the passing of Coach W. J. "Bill" Cowan, for many years head baseball coach at Tech and head of the State Baseball Association.

Tech may well feel proud of its efforts to preserve the sport that Coach Cowan loved so well.

## F O O T B A L L

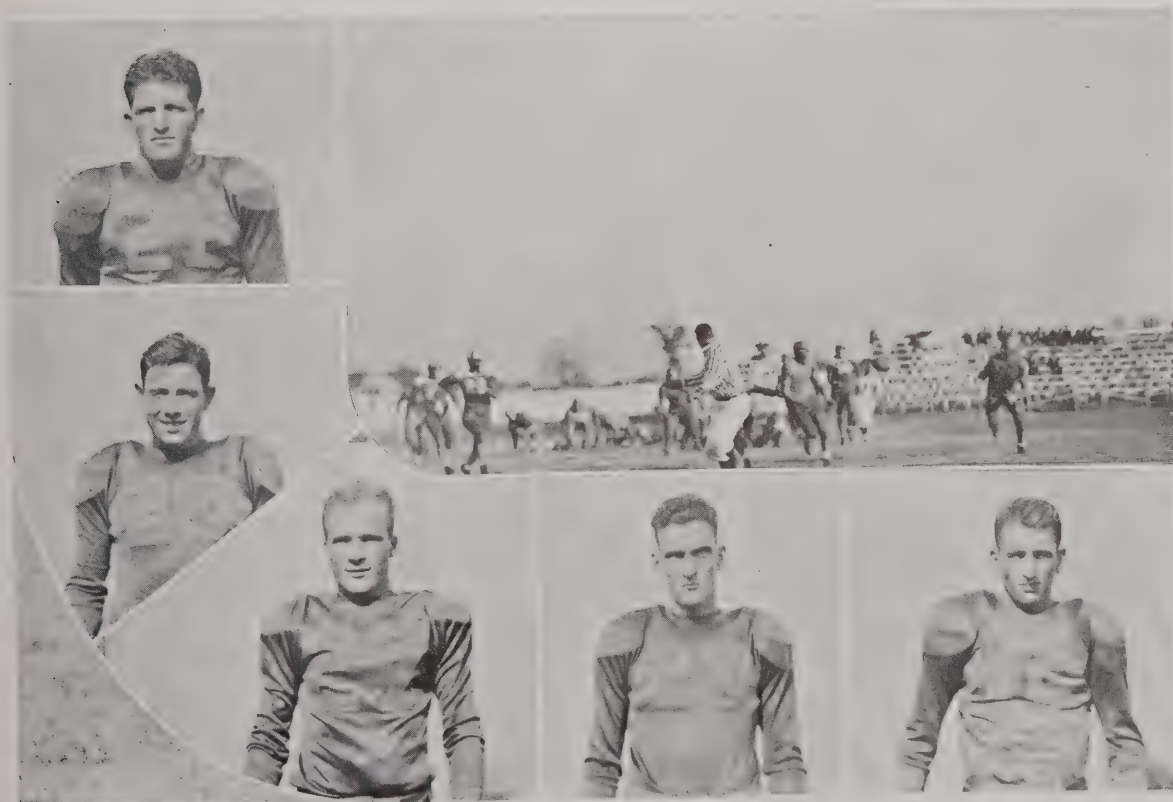

They didn't go through the season undefeated and untied. In fact, they were beaten twice. They didn't even win a state championship. But, in eulogizing the 1936 edition of Tech's Wonder Boy gridders—you are referred to members of the teams they played.

Season's record: Six won, two lost; 258 points for, 51 against, the best offensive record in the state and the second best defensive mark.

It's things like the performance that Tech put up against a heavily-favored, more powerful opponent such as De Paul University, even while losing; the game-dog tenacity, in the face of some of the most consistent tough breaks ever to occur in 60 consecutive minutes of football, while the Wonder Boys were losing to Teachers—that made Coach John Tucker, at the end of the season, praise the team as the best he had ever coached.

\* \* \* \* \*

When the season began, state football critics, in making their pre-season estimates, merely stuck their tongues in their cheeks on the subject of "Tech." It was feared that the loss of many stars from the co-championship team of the year before would prove too great a handicap for Tucker to produce a winner. Seventeen reserves, including nine lettermen, were back, but the Techmen were nevertheless labeled as merely "so-so."

Davis, Sandford, Whitaker, Croom, Wilson

## TECH 41, CUMBERLAND 0

But hell soon began to pop. Entering the opening game with Cumberland University of Lebanon, Tenn., as only slightly more than an even choice, the Wonder Boys flashed a running and passing attack that stunned their most ardent supporters. With Wilson and Davis lugging the ball, and Hager, in his first year as a regular, throwing passes to Sanford, Wilson, and Gunter, the Green and Gold warriors crossed the goal six times in the lopsided contest.

## TECH 21, KANSAS STATE TEACHERS 0

Still earmarked with 'ifs', the Wonder Boys journeyed 300 miles to Pittsburg, Kan., for their next skirmish with the Gorillas of Kansas State Teachers College. Smarting from their surprise defeat of the year before by Tech on the same grounds, the Gorillas held the Wonder Boy guns under silencers for the first half, but an aerial bombardment in the last two periods completely baffled the Gorillas. Hager pitched two touchdowns to Sanford and one to Tolliver to account for nineteen points, and a Kansas obliged with a safety to make the final score 21 to 0.

## TECH 27, HENDRIX 6

Definitely stamped as championship calibre, the Wonder Boys then entertained their traditional enemies, the Hendrix Warriors, in a Homecoming fest, emerging with a 27 to 6 triumph. Rex Wilson sprinted 73 yards from scrmmage to score one touchdown; Tolliver raced 30 yards on a pass interception to score another. A crowd of over 3,000, including many alumni and former students, witnessed the climax to the Homecoming festivities.

Alford, Hager, Tolliver, Wentz, Woodford

## TECH 44, MAGNOLIA 0

As a tune-up to the all-important clash with State Teachers, the Wonder Boys trampled Magnolia A. and M. under a 44 to 0 count at Magnolia. The Techmen literally scored at will against the Muleriders. Every man on the squad who made the trip saw action in the track-meet-like affair.

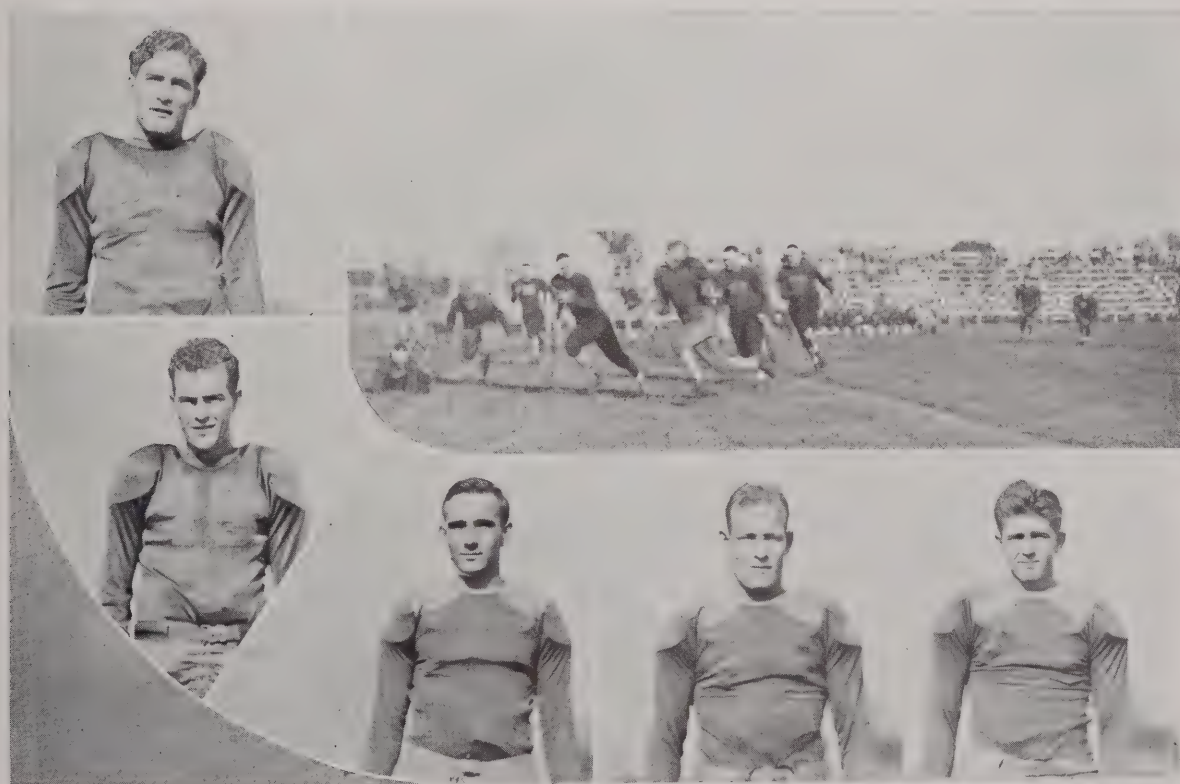

## TECH 13, STATE TEACHERS 19

A perpetual black cat to Tech football—floodlight contests—one again proved a jinx when the Techmen invaded the Bears' den on the night of October 30, at Conway. The game was a "natural", both in newspaper build-up beforehand and actual playing thrills. Both teams were undefeated and untied, and the winner was expected to go on to clinch the state title. The critics were right—believe it or not—in this instance, as, afterward, the triumphant Bruins proceeded on to the diadem.

The Wonder Boys had a lot of luck in this game—all of it bad. They made seventeen first downs to seven for their rivals, and were also well ahead in other statistics. With the exception of two high points—an 80-yard run by Montgomery and a "slickeroo" that brought a touchdown on the first play of the game (the grandstand signal-callers are still trying to explain that one), the Techmen held the upper hand, but they didn't have pressure enough to change the final score: Teachers 19, Tech 13.

## TECH 40, MONTICELLO 6

Bo Sherman brought an improving Monticello team to Russellville on the afternoon of November 11 to face the Wonder Boys in the feature of Dads' Day program, but its improvement was behind the times. It wasn't rapid enough to cope

Beavers, Bridges, DeKoster, Hunnicutt, Porter

# The Agricola 1937

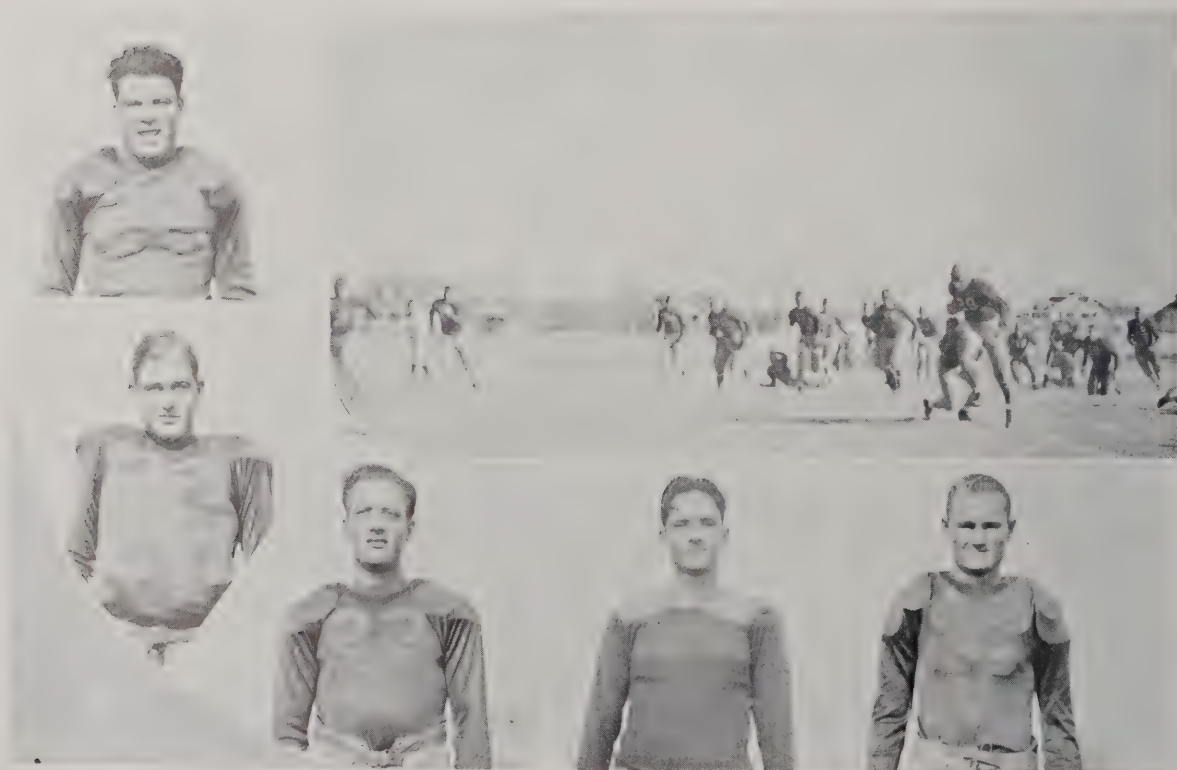

with the fury of the reborn Tech offensive. Smarting from their loss of caste ten days before, the Techmen went through the Boll Weevil line as through so much paper, in a return to winning ways. Approximately 300 parents of students were in the crowd to watch the Green and Gold hand the Aggies their worst loss of the year.

## TECH 19, DePAUL 26

Reams could be—and have been written—about the Tech-DePaul game. It's old stuff to most fans about the contest being the only intersectional tilt of the season in Arkansas. The great record of the Chicagoans was also played up in the newspapers long before game time—of their holding the University of Illinois to a 9-6 score and Catholic University of Washington, D. C., Orange Bowl champions, to 13-7. It was done to such an extent that Tech had been beaten and roasted to crisp brown a dozen times before the opening whistle sounded.

And then things began to happen. In a great mental frame of mind, as compared to the overconfidence of the Blue Demons, the Wonder Boys, outweighed about fifteen pounds per man, immediately carried the fight to Coach Jim Kelley's crew. They crashed over the goal twice to take a 13 to 0 lead before the frantic De Paulians found themselves. Then leading at the start of the last half, 13 to 12, they crashed over another score, but it still wasn't quite enough. The superior weight of the Demons told in the final score, as their bone-crashing power wore the Techmen down. They scored once in each of the last two periods, winning, 26 to 19.

They won, yes. But Demon players and coaches alike admitted undergoing as tough a battle as they had felt all season. The Wonder Boys literally played their

Bourdreau, Cowne, Moore, Priest, Zuber

hearts out on that afternoon, and it was a badly-scared group of 25 that gladly bid good-bye to Russellville on the night of Monday, November 16, with the thought uppermost in their minds of "how in thunder can they get a team like that out of a junior college?"

## TECH 51, HENDERSON 0

With injuries nil for the first time all year, the Tech gridders took what they failed to get from a state title out on the Henderson Reddies on a freezing Thanksgiving afternoon. Making a cinder path out of the gridiron, they scored eight touchdowns and five extra points to hand the Reddies their worst defeat in the long series of games between the two schools, as well as the worst defeat suffered by the visitors the entire year. The Tech "touchdown twin," Davis and Wilson, again set the pace.

It was a strange close to a Tech grid season, however, as traditionally Tech football campaigns have ended with the College of the Ozarks. However, this long rivalry was terminated in 1936 when the Clarksville school discontinued inter-collegiate sports.

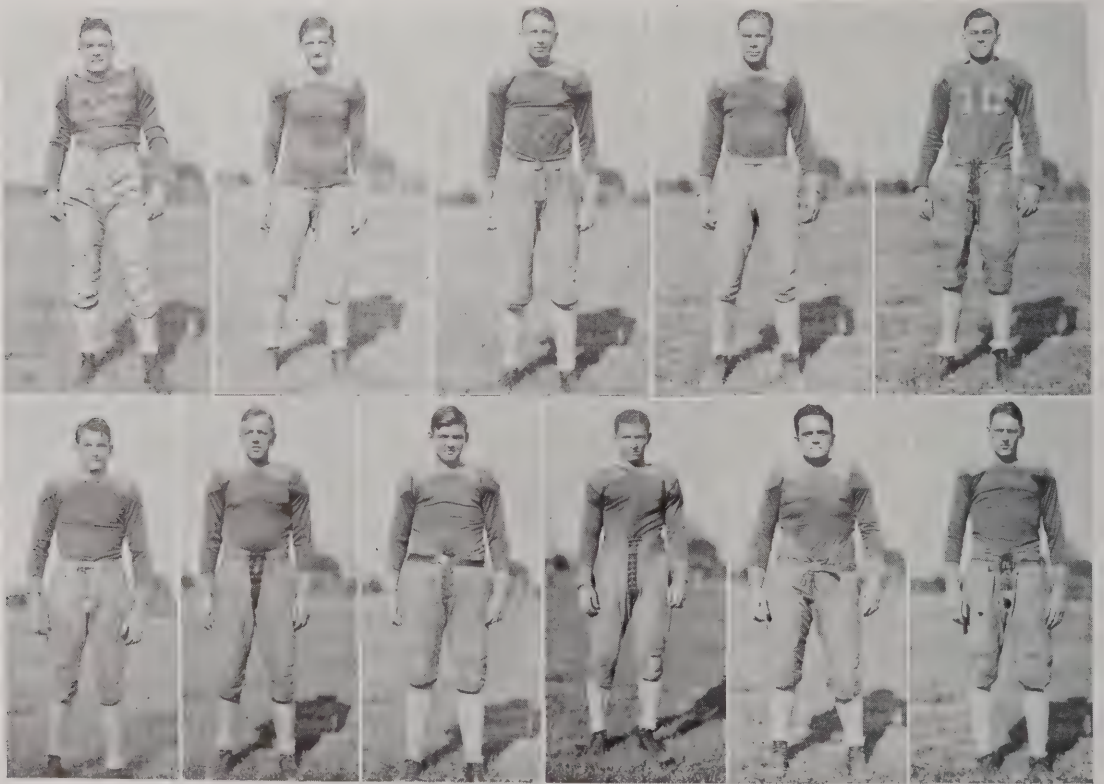

\* \* \* \* \*

Despite their loss to the state champion Bears, the Wonder Boys have the distinction of ranking well above their conquerors for 1936 on at least one nationally-recognized sporting authority's list. Out of 451 teams considered, with performances of each week weighed, the Techmen ranked 148, while the champion Conway team was 188.

## B A S K E T B A L L

The Tech basketball team completed a very successful season under Henry Hudson.

Flashing a brand of ball that has been foreign to these parts these many years the team bids fair to challenge the state champs next season. With the first team reporting complete next year the line-up will be filled with experience and much new material is expected.

Coach Hudson, completing his second year at the school, is due a bouquet of orchids for his work in building his material into the well oiled machine that placed a scare into the hearts of the A. S. T. C. champs.

Under the tutelage of Henry Hudson the track team won third place in the state meet and gave a good account of itself in several duel meets in which it participated.

The season's stars included Fredrick Shelton, who set a new high-jump record, Forrest Henry, low hurdler, Clark Beaver, who took part in the discus, shot, and javelin, and Russel Priest, high hurdler, who also took a second at the state meet in the broad jump.

Track practice was hampered to some extent by baseball practice which was held at the same time with some of the track squad also participating in baseball.

## B A S E B A L L

Due to the untimely death of Coach Bill Cowan, the reins of the baseball team were taken over by Coach John Tucker this season.

Much interest in collegiate baseball has been lost in the state during the last, year, but the team's record could not be called unimpressive.

The return of many of the squad for the ensuing year will provide Tucker with much seasoned material and he expects to build a winning team.

The highlight of the season came in the game with Harding which developed into a pitchers duel between Elwin "Sleepy" Roe and Paul Gunter, Tech's Star pitcher. Gunter by giving up only three hits gained recognition from the St. Louis Browns.

Although they were limited to a few opponents the team turned in a good account of itself.

## B O X I N G

Student Coach Russell Long piloted an injured and much maligned boxing team to a fairly successful year.

With Long, himself, out for a greater part of the year with an eye injury, and several members of the squad ailing because of injuries or scholastic difficulties the team won five out of the seven matches in which they participated.

Several matches close to home, or at home, allowed the students to view the squad at close range, and the consensus of opinion gave the boys an edge on their opponents in every field.

M. H. Herman, light heavyweight, gave a good account of himself when he K. O.'ed Neil Kinney, Clarksville heavy, in two rounds, providing the thrill of the school boxing year.

Long, also, by scoring knockouts over two state champs in post-season matches won recognition for himself in the state press.

Since its organization in 1928, the Engineers Club has been a major factor in the social life on the Tech campus.

With the advent of the annual Engineers Day on March 17, the club has given a dance for the student body as a culmination of its activity for the year. This year's dance was very exceptional in decoration and entertainment value.

The club has held many social gatherings at the home of the sponsors, which will probably linger in the minds of the members long after many of their other activities are forgotten.

The club requires a grade average of "C" of any candidate for membership.

# The Agriicola 1937

The "T" Association is formed of men who have lettered in one of the four major sports carried on at Tech.

At the present the club is formed of twenty-eight members including Coaches Tucker and Hudson. The roll contains men from the football, basketball, track, and baseball.

The part of the man who wears the letter of his school can be double appreciated at Tech when we consider the difficulties under which many of these letters were earned, and we feel that the "T" Association is playing a great part in carrying on the athletics of the college.

Only those students who are studying law are admitted to the Pre-Law Club and only then on consent of the entire membership.

Discussion of current affairs in government and politics feature the monthly meetings.

Of special interest to the student body is the annual Bowery dance sponsored by the club. Those who attend the hop are requested to dress in the Bowery style as nearly as possible.

This year, the first in several, a girl was admitted to the club which depicts the democracy and tolerance of the club.

Although the honor of highest scholastic rating was not given to any campus club this year, the History Club which has for several years won this honor was again slated for top honor.

During the year the club has gone to Mt. Nebo, Little Rock where the State Capitol was visited, and projected a trip to Diamond Cave.

Under the club's guidance the museum is soon to be moved to a better location. The club has been responsible for the museum since its founding and has built it into its present state.

Miss Esther Dell Bryan was chosen to represent the club in the annual election for campus queen and was elected among the five highest.

# The Agrícola 1937

The Dining Hall Club can never be left out of the list of most active groups, for there is never an opportunity to be lost by the club when the school or an individual can be aided.

Although it does not have the record of great age, the club has a long score of achievements on its roster, and it does not place its social affairs first on this score.

The members of the Dining Hall Club know probably more of the student body and are known by a greater number of the student body than any other group at Tech. Because of the positions the members come in daily contact with two-thirds of the students and most of them have made lasting friendships with other students because of the willingness and patience they show.

	LOLA PERSONS	

Composed entirely of members of the Home Economics department, the Home Economics Club takes an active part in campus life.

The greatest part of the club's work comes on and preceding Agri Day which is always red-letter day in the life of the club.

This year the club worked harder than ever before to build Agri Day and its efforts were justly rewarded as statements of many of the faculty will show.

## KING AND QUEEN

The rulers of Agri day are shown above. They are, from left to right: Andy Fulton and Ruth Baker, attendants; Kermit Tucker and Virginia Willmuth, King and Queen; and Bill Farris and Mary Jo Cheek, attendants.

# THE ARKA-TICK

Volume 0

Number 0

The candid camera catches the local agricultural luminary, Coletus J. Bung, P. A., in an informal moment. The lines about the distinguished waist are "To keep the damned mule from runnin' down across the holler like a stripe dape." At present Mr. Bung is engaged in research relative to the tentative industrial utilization of one of the by-products of horse racing.

## Dashing Student of Forestry Named as Corespondent in Breach of Promise Suit.

Suit for breach of promise filed by well-known Y. W. C. A. leader, Miss Margret FacMadden, points finger of suspicion towards Eddie Frankie, debonair man about town.

Miss FacMadden when interviewed by Susie Blotts, sob sister, pathetically accused Frankie of taking advantage of her innocence and purity. "He lured me to his rooms to look at his priceless Jicassos", wailed Miss FacMadden.

Mr. Frankie remained cool and aloof when questioned. "Everything was lovely until she insisted on calling me her "Ittsy bittsy Eddie Weddie". I might have tolerated this outrage, but she added insult to injury by demanding that I teach her "Sun-beam" girls Sunday school class. I contend that such demeanor is sufficient grounds for recalling all vows of felicitation", added Mr. Frankie.

Rubanks, "Chu" Gomez, and "Flipped" Blake to Blangstons famous "Door" on the near north side of Russellville.

Maestro Slambert is renowned in swing circles for his mastery of the double quaver goat bleat tone style on the saxophone.

"Tia Ruck" Silliamson, president of the local swing club said: "Slambert is unquestionably the foremost corn grower in Pope county."

## Scat Singer Arrested

Miss Margaret Befell, notorious Miniksy strip artist was arraigned before Judge Clotz on charges of illicit exposure and general disorderliness. Miss Befell was apprehended early this morning while lying in a sodden condition in a New Orleans gutter. On hearing her sentence read Margo said "Aw what the Hell!"

## Sorghum Specialist Here

All time records on ticket sales were broken recently when "Spike" "Swing Out Gate" Slambert brought his world famous "Cats": "Dorsey" Kling, "Hot Lips" Hooper, "Riff" Francois, "Licks" Ellissa, "McCoy"

## THE ARKA-TICK

### THE ARKA-TICK

#### EDIT-ORDEAL

By L. GENE FRAMER

Have you ever stopped to consider the enormity of the president's statements concerning the supreme court? The ridiculousness of his references are appalling. It is reasonable to believe that at the age of seventy a man automatically loses all intelligence, ability, virility, coherency and the like? Bah, I say Bah! Why don't we simply start wearing brown or black shirts and kowtowing to some Hitler or Musclemeni. America, where is thy heritage?

Captured when his truck overturned breaking three thousand stolen milk bottles, Lowell Whittler, notorious door bell ringer and runner away, exclaimed "Boy, this is a tough break." Mr. Whittler's transcript has been forwarded to the Leavenworth school of Cons.

### CAMPUS BLATHER

By JOHN McBRAY

We start this sensationally riotous column this week with an axiom of the college nitwit, Ima Dodo. Ima says, "It is better to be late than never to of have of."

We leave this convulsion for even a funnier drive. This is our recipe for blowing your top. Take two steps to the right, quickly piorette to the left then throw the feet above the head and slide them down the shirt tail, at the same time form the fingers in a "this is the church and here's the steeple" pattern and hold the tongue tightly clenched between the teeth. Culminate the finis by ricocheting off the floor on the face and curling the toes up until the whole body is in the form of a Waterbury watch spring. If you don't have any shirts with tails on them use an Angora cat (whew). A catalyst for this reaction is three quarts of concentrated sulphuric acid, one quart externally and the remainder internally.

Then there's the one about the Scotchman named McTavish.

And now to fall back upon my black eye, which, incidentally, I got it fighting ya' know, (varsity fighter, ya' know). After all there's many a left between the opponent and the canvass. But he never laid a glove on me, I got it in a clinch with a revolving door. We close this week with the immortal words of Yippee, the Chinese cowboy who said, "I may be married but Ohh you kid."

Grrr GROOM—

BEFORE

and

AFTER

## THE ARKA-TICK

### GREEN AND GOLD BLURGETS

By J. KENTON KOCHRUMBLE

Well here we are again. What with the track season opening your columnist has been a watching the track team work out. Among the best is Howard Haycup, giant high jump star. Haycups hoists his nether regions and nimble tootsies over the bar at a height of seventeen hands. Haycups' biggest problem is to lose weight about the ears. "I look for great things for myself", modestly mumbles Hayk.

If we had floodlights on Burble field we could play nite football. But we don't.

## Substantial Saving On Your Fire Insurance

*To Business Men and Home-Owners:*

### **Can You Afford to Pay 25 Per Cent More Than Your Competitors or Neighbors**

Discreet inquiry may reveal that your business associates, fellow club members, even your competitors, men whose judgment you esteem, have long carried their insurance in mutual companies. We do not ask you to blindly follow the judgment of these men, but we do suggest that you give this subject of mutual insurance your careful consideration.

The aggregate business of Mutual Insurance Companies reaches a figure so gigantic we can scarcely comprehend it. Such a business must of necessity be founded upon the soundest of principles—must have earned public confidence. Those who seek additional information may do so freely, comfortable in the knowledge that their inquiry incurs no obligation.
